

GENERAL INFORMATION

- 1. Report to registration table upon your arrival and sign required waver.**
- 2. Safety chains are required between locomotive and each car.**
- 3. All steam powered locomotives must have a stack screen since we're running in a wooded area.**
- 4. All trains must be safety checked and steam locomotives must have boilers inspected or a recent certificate of boiler safety present upon arrival. First time visitors need a check run with a member before solo operation.**
- 5. Night running requires a front white light and a rear red light. There is no time limit on night running.**
- 6. Only registered people and members in their party will be allowed to ride the trains.....NO GENERAL PUBLIC RIDERS!**
- 7. Designated and lighted yard areas, for security purposes, will be provided for trains parked at night.**

DON'T FORGET YOUR CAMERAS!

- 8. Check out our web site for more information on the Indiana Live Steamers, www.indianalivesteamers.org**
